Education

Maharaja Agrasen Institute of Technology

Bachelor of Technology in Information Technology

Nov 2022 - June 2026

New Delhi, India

S.K COLLEGE LOHANDA , JAMUI

Class 12th

April 2018 - June 2020

Bihar, India

Projects

Spotify-Clone | *HTML, CSS, Bootstrap* | [Repo Link](#)

4

"Developed a Spotify clone web application using HTML, Bootstrap, and CSS, aimed at replicating the core functionality and user experience of the popular music streaming platform. This project showcases my ability to translate design concepts into functional web applications and my proficiency in front-end technologies."

Text-Manipulating website | *HTML, CSS, Bootstrap, Javascript, React JS* | [Repo Link](#)

4

A Text-manipulating website which helps to modify our text like converting to uppercase, count of words in sentences and many more functions. -Some logics of javascript are used to include various functions in the website like dark mode. Use state is used to make the logic much easier to change the states.

Experience

TRASH TOKRI

7 JULY 2024 – 7 AUGUST 2024

Web Developer Intern

- During the internship period, I was involved in a variety of tasks, including: • Assisting in the development, testing, and maintenance of software applications. • Collaborating with the software development team on various projects. • Participating in code reviews and contributing to design discussions. • Documenting and reporting progress and any issues encountered.

Technical Skills

Coding Languages: C, C++, java

IT Constructs: C++(Data Structure and Algorithm), OOPS

Development Skills: (HTML, CSS, Bootstrap, JavaScript, React js, Node js, Node Express, My SQL, Mongo db)

Version Control System and Development tools: Git/Github, Microsoft Visual Studio
